2017 Camp Policies

Age Verification

The City of Raleigh Parks, Recreation, and Cultural Resources Department strives to provide age appropriate curriculum and programming for all recreation services delivered. To meet this goal, the age of the participant, as of the cut-off date for the program, is required at the time of registration to appropriately place the participant in our programs. The Parks, Recreation and Cultural Resources Department reserves the right to request that the parent/guardian provide a legal document (i.e. birth certificate) verifying the age of the participant, as of August 31st of this year that was denoted on the registration form. If legal documentation is requested and not provided within 24 hours, the program supervisor may offer the parent/guardian a transfer to an age appropriate program if available or dismiss the participant from the program. The parent/guardian will be responsible for any difference in fee if a transfer occurs. No refund will be given if the participant is dismissed from the program.

Babysitting

Any babysitting arrangements with present or former staff of the Raleigh Parks, Recreation, and Cultural Resources Department are separate and independent from any Departmental program. These arrangements must be based on the independent responsibility and judgment of the parent/guardian. The City of Raleigh Parks, Recreation, and Cultural Resources Department shall not be responsible for any claims or liability in connection with such babysitting activities.

Behavior Management

We utilize and encourage the practice of praise and positive reinforcement as effective methods of behavior management. We believe that when participants receive positive and understanding interactions, they can develop good self-concept, problem-solving abilities, and self-discipline. Our programs will create an environment that encourages positive choices through understanding participant's basic needs and explaining program expectations.

The City of Raleigh Parks and Recreation Department supports and practices the following Behavior Management practices:

- **Monitoring** – Noticing program environment-daily check-in with participants-active participation with participants and proper staff placement.
- **Positive Reinforcement** – providing participants a positive program environment.
- **Redirection** – stop the undesired behavior and redirect participant to make the positive choice.
- **Time Out** – Provide an opportunity for discussion between staff and the participant by asking questions about the behavior.

When positive choices are not made by the participants, the following procedures will be followed:

1. Initially, participants will be given a quiet reprimand/ verbal warning.
2. If behavior persists after verbal warning, a Behavior Action Plan will be implemented to identify specific behaviors and work with the participant and parent/guardian to develop appropriate behavior management solutions.
3. If behavior problems continue after implementation of the Behavior Action Plan, a first Behavior Incident Report will be presented to the parent/guardian.
4. Additional behavior problems will constitute a second Behavior Incident Report presented to the parent/guardian and a possible two (2) full-day suspension from the program may occur. (No refunds will be given for the days suspended). The parent/guardian may be requested to pick up the participant within an hour of the initial contact to the parent/guardian. If a parent/guardian does not pick up the participant within an hour, a late fee may be charged.
5. If a behavior problem persists, a third Behavior Incident Report will be presented and the participant may be asked to leave the program. A two (2) full day suspension will be issued to the participant while the behavior incident reports are being reviewed.
6. For severe offenses, such as but not limited to: fighting/ hitting, theft, vandalism, bullying in program or through social media, possession of weapons or drugs, severe verbal threats, sexual misconduct, leaving the program/ building without proper dismissal, or any other safety related behavior, the participant may be suspended or dismissed from the program immediately.
7. Participants will not be disciplined in camp for behavior that occurred outside of camp hours, even at parental requests.
8. Participation in camp activities during program hours is required.

Confidentiality

Raleigh Parks, Recreation, and Cultural Resources Department staff will not discuss confidential matters or personal information with anyone outside of the Department or with unauthorized individuals.

All participants are encouraged to respect the confidentiality of other participants by not disclosing personal information with social media such as Facebook, Twitter, etc. Departmental staff are not permitted to share personal information or pictures about any participants or staff with social media such as Facebook, Twitter, Instagram, Snap Chat etc. or discuss any personal information about participants outside of the workplace.

If you suspect that your participant has a contagious condition that may be spread to others, please notify your program director as soon as possible. Please do not bring the participant back to the program until the program director has been contacted.

The above criteria apply to all participants, as well as those with Inclusion Plans or other accommodations.

Before the program begins parent/guardians should inform staff of any changes to the pick-up list by contacting the Recreation Business Office at 919-996-4800.

Any person listed as a parent/guardian on the registration form may add or remove additional person(s) to the authorized pick up list. Parents and guardians should contact the Registration

Business Office at 919-996-4800 or camp.registration@raleighnc.gov to change information. Parents/guardians should inform anyone picking up a participant without a key tag that they will be required to show proper photo identification.

The Raleigh Parks, Recreation and Cultural Resources Department (PRCR) recognizes that anyone listed as a parent/guardian on the registration form has equal access to their child while in our program. Should a parent/guardian desire to restrict access of the other parent/guardian, he/she shall be required to provide legal documentation authorizing the change. PRCR staff reserves the right to validate the documentation provided. Understanding the sensitivity of each instance, it may be necessary for PRCR staff to contact each of the parent/guardians involved to obtain additional information.

Payment

If the required payment is not provided with the registration forms, the participant's registration will not be processed. We will attempt to notify you by telephone or email and you will have until the end of following business day to remit payment.

Personal Care

The City of Raleigh Parks, Recreation, and Cultural Resources Department does not provide personal care for program participants. Raleigh Parks, Recreation, and Cultural Resources staff does not assist in the toileting of any program participants or help with dressing participants. The Department requires that all program participants are independent for toileting and personal care in order to participate. Program participants must be able to change their own clothing if soiled. Raleigh Parks, Recreation, and Cultural Resources staff is not permitted to change program participant's soiled clothing.

If a toileting accident does occur, a change of clothes must be brought to the program site or the participant must be picked up from the program site within one hour of the incident. If toileting accidents are frequent, participants may be dismissed from the program.

Photography/Video Waiver

Pictures or video clips may be taken by the Department of any program participant while involved in City of Raleigh Parks, Recreation, and Cultural Resources activities and may be used for marketing materials or staff training. Photos or video clips may be used in program activities. Participant's names will not be published when photo or video clips are used. Some program areas are permitted to have social media sites. These sites are controlled by PRCR staff.

2017 Camp Policies

Release, Indemnity, and Agreement

Participating in the selected recreational programs involves risk of injury. These risks include inclement weather, accidents while traveling, equipment problems or failures, contact with and actions of other participants, slips/trips/falls and musculoskeletal injuries, among others. The parent/guardian chooses to allow participation in the selected programs despite the risks.

By signing the registration form, the parent/guardian acknowledges all risks of injury, illness or death and affirms that he or she has assumed all responsibility for any injury, illness or death. The parent/guardian also agrees on behalf of himself or herself and the participant to follow all rules and procedures of the program and to follow the reasonable instructions of the teachers and supervisors of the program.

In return for the opportunity to participate in this program, the parent/guardian agrees for himself or herself and for heirs, assigns, executors and administrators to release, waive and discharge any legal rights to seek payment or relief of any kind from the City of Raleigh, its employees or its agents for injury, illness or death resulting from this program.

The person who registers a participant for a program agrees that he or she is a parent or a legal guardian or is otherwise responsible for the participant whose application is submitted and releases, waives and discharges any legal rights that may be asserted on behalf of the participant's participation in the program. The person who registers a participant also agrees not to sue the City, its employees or its agents and agrees to indemnify the City for all claims, damages, losses or expenses, including attorney's fees, if a suit is filed concerning an injury, illness or death resulting from participation in the program.
